**Tips for short trips
around Hattersheim
and for common activities with
children
at home**

**compiled by the
Regenbogenschule**

Dear parents,

doing something with dad or mom or the whole family is fun. Doing something together is too. And you don't have to go far to do it.

Here are ideas against boredom at home or suggestions for excursions in the surrounding area or tips for a successful school day.

Have fun trying them out!

**Boredom at home can be endured sometimes, but not always!
Then your child can**

- paint or make something
- sing a song
- play a board/card game
- go to the playground
- prepare a healthy breakfast/meal
- cut vegetables and cook a soup
- bake a cake
- cut fruit for a fruit salad
- Set the table nicely for a meal together
- read a story
- arrange to play with friends
- invite a friend to spend the night
- practise first aid and learn to make an emergency call (fire brigade 112)
- tidying up together, sorting and throwing things away

So that the school everyday life runs super, your child practices with you:

- pack the satchel yourself
- sharpen the pencils yourself
- fold, hole punch and staple paper
- cut and glue paper
- have the sports bag ready to hand
- choose the right (weather-appropriate) clothes and put them on by themselves
- fasten buttons, tie bows and put on and take off shoes on their own
- learn to walk to school on their own
- make their own breakfast sandwich
- eat with cutlery
- clearing away dishes, washing up, drying / wiping the table

And you as parents

- Be available for the school
- Attend parent-teacher conferences
- be reliable
